

HARVEST LAB STAFF REQUIRED

Woldgrain is a cooperatively owned grain storage and processing facility, handling a variety of combinable crops grown within 65 miles of Hemswell, Lincolnshire. Current storage capacity is 100,000 tonnes on one site, with planning permission in place for a further 50,000 tonnes of storage to be built.

Lab Staff are required for the harvest period (July to September), working in one of the most modern grain labs in the UK.

The role will involve:

- Working days (07:00 start)
- Weighing and sampling vehicles (up to 120 per day at peak of harvest)
- Analysing samples
- Recording analysis results
- Working in a busy environment, as a part of a small team
- Experience is preferred but not essential
- Full training will be given
- Would suit agric student or similar
- No accommodation available

The successful candidate will be an enthusiastic, reliable, practical, self-motivated team player, with an eye for detail and a willingness to learn new skills.

To apply please email dan.murphy@woldgrainstorage.co.uk with a CV and covering letter.
